WITNESSETH:

WHEREAS, the County through Department of Planning and Development (Division of STOP DWI) desires the services of the Contractor to provide coordinated driving while intoxicated check points in their designated areas, and

WHEREAS, the Contractor is qualified and is willing and able to perform such services in a timely manner, and

WHEREAS, the funds necessary to pay for such services are appropriated in the 2026 Adopted County Budget, now, therefore, it is mutually agreed by and between the parties hereto as follows:

1. **SCOPE OF SERVICES.** The Contractor shall perform, using standards of care acceptable to the County and in strict compliance with all applicable Federal, State and local laws, regulations and procedures, the services set forth in **Exhibit "A"** annexed hereto and made a part of this Agreement.

If any term of the Scope of Services contradicts or creates an ambiguity with any term of this Agreement, this Agreement shall govern.

2. **TERM OF AGREEMENT.** This Agreement shall be effective **January 1, 2026**, and shall terminate on **December 31, 2026**, unless otherwise terminated as set forth herein.

3. **EXTENSION.** This Agreement may be extended for FOUR additional periods of one (1) year each, not exceeding in total five (5) years from the original Agreement date, upon such terms and conditions as may be agreed between the parties in writing by fully executing a contract extension/amendment.

4. **PAYMENT.** As full and complete consideration for the services so rendered, the County shall pay a total sum not to exceed **TWENTY THOUSAND** and 00/100 (\$20,000.00)

DOLLARS. The Contractor shall be required to receive payments electronically by submitting an authorization form to the Dutchess County Comptroller.

Payment of the above consideration shall be made to the Contractor upon submission of statements and invoices in a form satisfactory to the County. No payment shall be made prior to audit and approval by the County.

5. INDEPENDENT CONTRACTOR STATUS. The Contractor agrees that it is an independent contractor and that it shall not hold itself out to be an employee or officer of the County, and that therefore, neither Federal, State nor local income tax nor payroll tax of any kind shall be withheld or paid by the County on behalf of the Contractor or its employees; that the Contractor shall not be eligible for, and shall not be entitled to participate in, any employee pension, health, retirement or other fringe benefit plan of the County; that the Contractor shall have no Workers' Compensation or disability coverage through the County for the Contractor or its employees, and that the Contractor shall not be entitled to make any claim against the County for these or any other rights or privileges of an officer or employee of the County.

6. INDEMNIFICATION. The Contractor agrees to the fullest extent permitted by law to defend, indemnify and hold the County and its employees harmless from any and all such losses, claims, liens, demands and causes for action, including but not limited to, judgments, penalties, interest, court costs, and legal fees incurred by the County on behalf of any party, in connection with or arising from the Contractor's work. The Contractor shall investigate, handle, respond to and defend any such claims, demands or suits at its sole expense, and shall bear all other related costs and expenses even if such claims, demands, or suits are groundless, false or fraudulent. This indemnification section shall survive the expiration or termination of this Agreement.

In any matter in which indemnification hereunder would violate Section 5-322.1 of the New York General Obligations Law or any other applicable legal prohibition, the foregoing provision shall not be construed to indemnify the County for damage arising out of bodily injury to persons or to property caused by or resulting from the sole negligence of Dutchess County employees. The term "employee" shall include all officers, advisory board members and/or volunteers serving the County.

7. INSURANCE REQUIREMENTS. At all times during the term of this Agreement, the Contractor and its sub-contractors, if any, shall maintain at its own cost the following insurance and shall provide proof thereof to the County, in the form of a Certificate of Insurance, prior to commencing work under this Agreement:

Workers' Compensation Employer's Liability (statutory limits). In compliance with the Workers' Compensation Law of the State of New York, each contractor shall provide:

- a. a certificate of insurance on an Acord form indicating proof of coverage for Workers' Compensation Employer's Liability, **OR**
- b. a New York State Workers' Compensation Notice of Compliance (Form C-105, Form U-26.3, Form SI-12 or Form SI-105.2P).

- c. In the event that the Contractor is exempt from providing coverage, it must provide a properly executed copy of the Certificate of Attestation of Exemption from the NYS Workers' Compensation Board, Form CE-200.
- d. A certificate of participation in a self-insurance program. The department responsible for the implementation of the Agreement will obtain verification from the Director of Risk Management for those municipalities participating in the Dutchess County Self-Insured Plan.

Commercial General Liability Insurance coverage including blanket contractual coverage for the operation of the program under this Agreement with limits not less than \$1,000,000 per occurrence and \$2,000,000 in the aggregate. This insurance shall be written on an occurrence coverage form and include bodily injury, property damage liability. The County must be listed as additional insured. The additional insured endorsement for the Commercial General Liability insurance required above shall not contain any exclusion for bodily injury or property damage arising from completed operations.

Automobile Liability Insurance coverage for all owned, scheduled, hired, and non-owned vehicles with a combined single limit of liability of not less than \$1,000,000. This insurance shall include coverage for bodily injury and property damage. The County must be listed as an additional insured.

Excess/Umbrella Liability, with limits not less than \$5,000,000 per occurrence with a \$5,000,000 aggregate. The County must be included as additional insured.

The Acord form certificate of insurance must contain the following provisions:

- (A) The County of Dutchess must be listed as certificate holder and additional insured on the commercial general, umbrella/excess, and automobile liability policies. In addition, the commercial general liability policy must include the additional insured endorsement forms cg 2037 July 2004 edition and the cg 2010 April 2013 edition or their equivalent.
- (B) Commercial general and automobile liability policies are primary and noncontributory.
- (C) The commercial general liability, automobile liability and Workers' Compensation policies must contain a waiver of subrogation in favor of the County of Dutchess.
- (D) The umbrella/excess policy is primary and noncontributory and must contain a waiver of subrogation in favor of the County of Dutchess.
- (E) If the Workers' Compensation Notice of Compliance is used instead of the Acord certificate of insurance, the Notice of Compliance must indicate that a waiver of subrogation in favor of the County of Dutchess is provided.

All policies of insurance referred to above shall be underwritten by companies authorized to do business in the State of New York with an A.M. Best financial strength rating of A- or better. In

the alternative, the policies of insurance referred to above may be underwritten by non-Admitted companies with an A.M. Best financial strength rating of A+ or higher. In addition, every policy required above shall be primary and noncontributory. Any insurance carried by the County, its officers, or its employees shall be excess and noncontributory insurance to that provided by the Contractor. The Contractor and its sub-contractor(s), if any, shall be solely responsible for any deductible losses under each of the policies required above.

Payment(s) to the Contractor may be suspended in the event the Contractor and its sub-contractor(s), if any, fails to provide the required insurance documentation in a timely manner.

Prior to cancellation or material change in any policy, a thirty (30) day notice shall be given to the County Attorney at the address listed below:

Dutchess County Attorney
County Office Building
22 Market Street
Poughkeepsie, New York 12601

On receipt of such notice, the County shall have the option to cancel this Agreement without further expense or liability to the County, or to require the Contractor to replace the cancelled insurance policy, or rectify any material change in the policy, so that the insurance coverage required by this paragraph is maintained continuously throughout the term of this Agreement in form and substance acceptable to the County. Failure of the Contractor to take out or to maintain, or the taking out or the maintenance of any required insurance, shall not relieve the Contractor from any liability under this Agreement nor shall the insurance requirements be construed to conflict with or to limit the obligations of the Contractor concerning indemnification.

All losses of County property shall be adjusted with and made payable directly to the County.

All Certificates of Insurance shall be approved by the County's Director of Risk Management or designee prior to commencement of any work under this Agreement.

In the event that claims in excess of these amounts are filed in connection with this Agreement, the excess amount or any portion thereof may be withheld from payment due or to become due the Contractor until the Contractor furnishes such additional security as is determined necessary by the County.

8. QUALIFICATIONS OF CONTRACTOR. The Contractor specifically represents that it and its members, officers, employees, agents, servants, consultants and sub-contractors have the experience, knowledge and character necessary to perform their particular duties under this Agreement.

9. DECLARATION BY CONTRACTOR. The Contractor declares that it has complied with all Federal, State and local laws regarding business permits, certificates and licenses that may be required to carry out the work to be performed under this Agreement.

10. NON-DISCRIMINATION. No services to be rendered pursuant to, or in connection with, this Agreement may be refused to any person because of age, race, color, creed, sex, sexual orientation, national origin, disability or marital status.

The Contractor shall take all affirmative steps necessary to ensure equal employment opportunities without discrimination because of age, race, creed, color, sex, sexual orientation, national origin, disability or marital status and to comply with all Federal, State and local civil rights laws including, but not limited to, the Americans with Disabilities Act.

11. RETENTION OF RECORDS. The Contractor agrees to maintain and have available for audit such records as may be required by the County, New York State or United States governmental agencies. These records shall be available for inspection by properly identified personnel of the above governmental agencies upon reasonable notice and shall be maintained for a minimum of ten (10) years after termination of this Agreement.

12. NON-ASSIGNMENT. This Agreement may not be assigned by the Contractor without prior written consent of the County, and the County shall be relieved of all liability and obligations consistent with the New York State General Municipal Law Section 109 in the event of such unauthorized assignment.

13. TERMINATION. (a) *Without cause*. The County may terminate this Agreement upon ten (10) days' prior written notice to the Contractor of its intent to terminate without cause.

(b) *With cause*. The County may terminate this Agreement effective immediately, with subsequent written notice to be given to the Contractor of termination with cause.

In the event of termination with or without cause, the Contractor shall deliver to the County any or all drawings, specifications, reports and other data, records, materials and equipment in its custody or control pertaining to the Agreement and the County shall pay to the Contractor all amounts due to the time of termination in accordance with the terms of this Agreement. Such termination shall not give rise to any cause of action against the County for damages, loss of profits, expenses or other remuneration of any kind. Notwithstanding any other provision of this Agreement, if, in the judgment of the County, termination is made necessary or desirable because of the Contractor's failure to fulfill its obligations under this Agreement, or any other fault of the Contractor, the County may withhold payment of all or any part of moneys which otherwise may be payable to the Contractor under this Agreement and apply such moneys toward any damages or expenses sustained by the County as a result of such failure including, without limitation, any excess costs incurred by the County in completing the services under this Agreement by the use or employment of other contractors or otherwise. Notwithstanding the foregoing, the Contractor shall be liable to the County for all such damages and expenses without limitation to any such moneys being withheld by the County, and the failure of the County to withhold moneys from the Contractor shall not be construed as an acknowledgement by the County that no such damages or expenses exist and shall not prevent the County from thereafter making any claim against the Contractor therefore.

14. EXECUTORY. The Dutchess County fiscal year begins on January 1st and ends on December 31st of any given year. Notwithstanding anything to the contrary contained herein, it is understood and agreed that this Agreement shall be deemed executory only to the extent of the moneys available to the County for the performance of the terms hereof and that, in the event that the Dutchess County Legislature fails to appropriate the necessary funds to affect payment in any calendar year beyond the initial year herein, this Agreement shall automatically cease and terminate on the last day of the year in which funds have been appropriated for said Agreement and no liability on account thereof shall be incurred by the County beyond the funds available for the performance of this Agreement. It is further understood and agreed that neither this Agreement nor any representation by any public employee or officer creates any legal or moral obligation to request, appropriate or make available moneys for the purpose of this Agreement.

15. NOTICE. Except as otherwise provided in this Agreement, notice required to be given pursuant to this Agreement shall be made in writing and addressed to the following or such other person as the parties may designate:

Department of Planning and Development
Division of Stop DWI
626 Dutchess Turnpike
Poughkeepsie, NY 12603

The Law Enforcement agencies noted on Page “1” above.

16. NON-WAIVER. Failure of either party to exercise any rights under this Agreement for a breach thereof shall not be deemed a waiver thereof or a waiver of any subsequent breach.

17. SEVERABILITY. If any provision of this Agreement shall be held unenforceable, the rest of the Agreement shall nevertheless remain in full force and effect.

18. CHOICE OF LAW, VENUE. Any dispute arising directly or indirectly out of this Agreement shall be determined pursuant to the laws of the State of New York. The parties hereby choose the New York State Supreme Court, Dutchess County as the forum for any such dispute.

19. NO ARBITRATION. Disputes involving this Agreement, including the breach or alleged breach thereof, may not be submitted to binding arbitration but must instead be heard in accordance with the Paragraph above entitled “Choice of Law, Venue”.

20. SERVICE OF PROCESS. In addition to the methods of service allowed by the New York State Civil Practice Law & Rules (“CPLR”), Contractor hereby consents to service of process on it by registered or certified mail, return receipt requested or by facsimile (fax) transmission. Service hereunder shall be complete when deposited in the United States mail, duly addressed and with proper postage or when the fax has connected. The Contractor must promptly notify the County, in writing, of each and every change of address to which service of process can be made. Service by the County to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service is complete in which to respond.

21. NOTICE OF INTENT TO SUE. (a) The Contractor agrees that, at least ninety (90) days prior to commencing suit against the County for any matter arising directly or indirectly out of this Agreement, Contractor shall provide to the County a sworn document listing the time, place, and manner of any breach of this agreement, together with an itemized list of any damages to which Contractor believes itself entitled. (b) The County shall have the right to conduct a deposition upon oral questions of an officer, employee or agent of the Contractor, of the County's choice, as to any matter arising under this agreement within the 90-day period described above. (c) Strict compliance with this paragraph shall be a condition precedent to maintenance or institution of any action or proceeding, whether legal or administrative. This paragraph shall not be construed to toll any applicable statute of limitation. Any action against the County must commence within one year of the event which gives rise to liability.

22. CAPTIONS. The captions are inserted only as a matter of convenience and reference, and in no way define, limit or describe the scope or intent of this Agreement nor in any way affect the terms hereof.

23. GENDER. Words of the masculine or feminine gender in this Agreement, unless the meaning of the sentence indicates otherwise, shall be deemed to refer to either male or female persons.

24. AUDIT. The Contractor shall maintain an accounting system that enables the County to readily identify assets, liabilities, revenues, expenses and disposition of County funds. Records should include, but not be limited to, those kept by the Contractor, its employees, agents, assigns, and sub-contractors.

All vouchers or invoices presented for payment to be made hereunder, and the books, records and accounts upon which the vouchers or invoices are based are subject to review by the department responsible and audit by the County Comptroller. The Contractor shall submit any and all documentation and justification in support of expenditures or fees under this Agreement as may be required by the County.

The audits may include examination and review of the source and application of all funds from the County, State, or Federal governments. The Contractor shall not be entitled to any interim or final payment under this Agreement, and any overpayment may be recouped, if any audit requirements and/or requests have not been satisfactorily met or if any expenditures or fees by the Contractor are determined to be irregular by the auditor. This paragraph shall survive the termination of the Agreement.

25. SEVERANCE PAY. The County Shall Not Be Charged for Severance Pay Incentives. The County is aware that, from time to time, contract agencies engage in programs such as early retirement plans which reward employees with a severance payment as an incentive toward voluntary resignation. The County of Dutchess is prohibited by the New York State Constitution from making a gift of public funds and such severance pay incentives amount to such a gift. Therefore, notice is hereby given that County funds shall not be used for the purpose of severance pay or any such incentive. If an audit of payments made under this contract reveals that such payments have been made, the Contractor shall immediately reimburse the County for the

full amount with interest upon receipt of a written demand from the County. In addition, the County may declare this Agreement null and void.

26. CONTRACTOR'S OBLIGATIONS POST TERMINATION WITH OR WITHOUT CAUSE. Upon termination of this Agreement, the Contractor shall: (1) cooperate with the County to develop a transition plan and assist in affecting an orderly transfer of services and obligations to any successor Contractor(s) so as to prevent any disruption in services; (2) provide County with access to and a copy of, all books, records and other non-proprietary documents including, but not limited to digital records, relating to the performance of services under this Agreement that are required or requested, at no charge and if so directed by the County; (3) continue to perform such services prior to actual termination at the agreed upon contractual rate for up to an additional one hundred twenty (120) days following the notice of termination. The obligations of this paragraph shall survive the termination of this Agreement whether the agreement is terminated for cause or terminated for convenience.

27. REQUIRED PROVISIONS OF LAW. Each and every provision of Federal, State or local law, rule or regulation required by law to be inserted in this Agreement shall be deemed to have been inserted herein. If any such provision is not inserted, through mistake or otherwise, then upon the application of either party, this Agreement shall be physically amended to make such insertion.

28. BINDING. This Agreement shall be valid and binding once it has been approved by the Dutchess County Attorney's Office, executed by the County Executive and delivered to the Contractor at the address indicated in the introductory paragraph of this Agreement.

29. ENFORCEMENT EXPENSES. The Contractor shall pay all costs and expenses, including reasonable attorney's fees (in-house or retained counsel), that the County incurs in enforcing any of the terms of this Agreement including all costs and expenses and reasonable attorney's fees incurred in connection with any appeals, whether the County is an appellant or a respondent.

30. SET-OFF RIGHTS. The County shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the County's option to withhold for the purpose of set-off any moneys due to Contractor under this Agreement up to any amounts due and owing to the County with regard to this Agreement, any other agreement with the County or any of its departments or agencies. This right of set-off includes any agreement for a term commencing prior to or subsequent to the term of this Agreement. The right of set-off shall include any amounts due to the County for any reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto.

31. RULES OF CONSTRUCTION. This Agreement shall be deemed to have been mutually prepared by the parties hereto and shall not be construed against any of them solely by reason of authorship.

32. CONFIDENTIALITY. The Contractor shall comply with applicable Federal and State requirements for confidentiality of records and information and agrees not to allow

examination of records nor disclosures of information, except as required by the County under the terms of this Agreement.

33. COUNTERPARTS; SIGNATURES TRANSMITTED BY ELECTRONIC MEANS. This Agreement may be executed in any number of counterparts, all of which taken together shall constitute one agreement, and any of the parties hereto may execute this Agreement by signing any such counterpart. A facsimile or signature transmitted by electronic means applied hereto or to any other document shall have the same force and effect as a manually signed original. This provision contemplates giving legal force and effect to copies of signatures. This provision does not contemplate the use of “electronic signatures” as regulated by New York State Technology Law Article 3, “Electronic Signatures and Records Act.”

34. ENTIRE AGREEMENT. The terms of this Agreement, including its attachments and exhibits, represent the final intent of the parties. Any modification, rescission or waiver of the terms of this Agreement must be in writing and executed and acknowledged by the parties with the same formalities accorded this basic Agreement.

EXPIRATION DATE. This letter of credit shall expire upon the earlier of the close of business on 10-31-2025 and all drafts and accompanying statements or documents must be presented to Lender on or before that time, or the day that Lender honors a draw under which the full amount of this Letter of Credit has been drawn (the "Expiration Date").

AMOUNT OF CREDIT. Lender hereby establishes at the request and for the account of Borrower, an Irrevocable Letter of Credit in favor of Beneficiary for a sum of Sixty-five Thousand Eight Hundred & 00/100 Dollars (\$65,800.00) (the "Letter of Credit"). These funds shall be made available to Beneficiary upon Lender's receipt from Beneficiary of sight drafts drawn on Lender at Lender's address indicated above (or other such address that Lender may provide Beneficiary in writing) during regular business hours and accompanied by the signed written statements or documents indicated below.

WARNING TO BENEFICIARY: PLEASE EXAMINE THIS LETTER OF CREDIT AT ONCE. IF YOU FEEL UNABLE TO MEET ANY OF ITS REQUIREMENTS, EITHER SINGLY OR TOGETHER, YOU SHOULD CONTACT BORROWER IMMEDIATELY TO SEE IF THE LETTER OF CREDIT CAN BE AMENDED. OTHERWISE, YOU WILL RISK LOSING PAYMENT UNDER THIS LETTER OF CREDIT FOR FAILURE TO COMPLY STRICTLY WITH ITS TERMS AS WRITTEN.

DRAFT TERMS AND CONDITIONS. Lender shall honor drafts submitted by Beneficiary under the following terms and conditions: Each sight draft must be dated; must be on Beneficiary's letterhead; must identify the Customer by name and address; must state that the Customer is in default of its obligation(s) to Town of Poughkeepsie in connection with the pump station, generator and public improvements at South Hills Commons.

Upon Lender's honor of such drafts, Lender shall be fully discharged of Lender's obligations under this Letter of Credit and shall not be obligated to make any further payments under this Letter of Credit once the full amount of credit available under this Letter of Credit has been drawn.

Beneficiary shall have no recourse against Lender for any amount paid under this Letter of Credit once Lender has honored any draft or other document which complies strictly with this Letter of Credit, and which on its face appears otherwise in order but which is signed, issued, or presented by a party or under the name of a party purporting to act for Beneficiary, purporting to claim through Beneficiary, or posing as Beneficiary without Beneficiary's authorization. By paying an amount demanded in accordance with this Letter of Credit, Lender makes no representation as to the correctness of the amount demanded and Lender shall not be liable to Beneficiary, or any other person, for any amount paid or disbursed for any reason whatsoever, including, without limitation, any nonapplication or misapplication by Beneficiary of the proceeds of such payment. By presenting upon Lender or a confirming bank, Beneficiary certifies that Beneficiary has not and will not present upon the other, unless and until Beneficiary meets with dishonor. Beneficiary promises to return to Lender any funds received by Beneficiary in excess of the Letter of Credit's maximum drawing amount.

USE RESTRICTIONS. All drafts must be marked "DRAWN UNDER Rhinebeck Bank IRREVOCABLE LETTER OF CREDIT NO. 22410151 DATED 10-15-2024," and the amount of each draft shall be marked on the draft. Only Beneficiary or Beneficiary's transferee may complete a draft and accompanying statements or documents required by this Letter of Credit and make a draw under this Letter of Credit. This original Letter of Credit must accompany any draft drawn hereunder.

Partial draws are permitted under this Letter of Credit. Lender's honor of a partial draw shall correspondingly reduce the amount of credit available under this Letter of Credit. Following a partial draw, Lender shall return this original Letter of Credit to Beneficiary with the partial draw noted hereon; in the alternative, and in its sole discretion, Lender may issue a substitute Letter of Credit to Beneficiary in the amount shown above, less any partial draw(s).

PERMITTED TRANSFEREES. This Letter of Credit may be transferred by Beneficiary upon prior written notice to Lender of the transfer. The transferee shall be deemed the new Beneficiary of this Letter of Credit and the documents of the transferee, including drafts required under this Letter of Credit, will be processed by Lender (or any intermediary) without the original Beneficiary's intervention and without any further obligation of Lender to the original Beneficiary.

TRANSFEREES REQUIRED DOCUMENTS. When the presenter is a permitted transferee under the "Permitted Transferees" paragraph above (the "Permitted Transferee"), the documents required for a draw shall include all documents required elsewhere in this Letter of Credit, except that such documents may be in the name of and executed by either the original Beneficiary or the presenter permitted by the "Permitted Transferees" paragraph above.

COMPLIANCE BURDEN. Lender is not responsible for any impossibility or other difficulty in achieving strict compliance with the requirements of this Letter of Credit precisely as written. Beneficiary understands and acknowledges: (i) that unless and until the present wording of this Letter of Credit is amended with Lender's prior written consent, the burden of complying strictly with such wording remains solely upon Beneficiary, and (ii) that Lender is relying upon the lack of such amendment as constituting Beneficiary's initial and continued approval of such wording.

NON-SEVERABILITY. If any aspect of this Letter of Credit is ever declared unenforceable for any reason by any court or governmental body having jurisdiction, Lender's entire engagement under this Letter of Credit shall be deemed null and void ab initio, and both Lender and Beneficiary shall be restored to the position each would have occupied with all rights available as though this Letter of Credit had never occurred. This non-severability provision shall override all other provisions in this Letter of Credit, no matter where such provision appears within this Letter of Credit.

GOVERNING LAW. This Agreement will be governed by federal law applicable to Lender and, to the extent not preempted by federal law, the laws of the State of New York without regard to its conflicts of law provisions, and except to the extent such laws are inconsistent with the 2007 Revision of the Uniform Customs and Practice for Documentary Credits of the International Chamber of Commerce, ICC Publication No. 600. This Agreement has been accepted by Lender in the State of New York.

EXPIRATION. Lender hereby agrees with Beneficiary that drafts drawn under and in compliance with the terms of this Letter of Credit will be duly honored if presented to Lender on or before the Expiration Date unless otherwise provided for above.

RE: Re-Zone to Allow Limited Self-Storage at the Shoppes at South Hills
(a/k/a South Hills Mall)
Our File No.: 15509-66879

Dear Supervisor Edwards and Members of the Town Board:

As you know, we represent the owner of the above-mentioned property, South Hills Owner LLC (the "Applicant"), in connection with its request for a minor modification of the Town's Zoning Code to permit self-storage as an adaptive re-use at the property. We originally appeared before the Town Board in the summer of 2023, but the matter was tabled in the Fall of 2023. As per our recent appearance before the Town Board on August 20, 2025, enclosed please find an updated Petition with a proposed local law asking the Town Board to allow self-storage as an adaptive reuse within the subject South Hills Center (SHC) zoning district.¹

As you may recall, the Planning Board previously issued a Negative Declaration under the New York State Environmental Quality Review Act (SEQRA) on July 20, 2023. On July 25, 2023, the Planning Board also issued its Advisory Report to the Town Board.

¹ The original petition submitted in May of 2023 also requested to amend the SHC District's regulations to allow more flexible subdivision of the parent parcel; however, that request has been withdrawn.

Town of Poughkeepsie

Page 2

Since the Applicant no longer has a specific user lined up for self-storage use, it will not immediately be seeking the specific site plan approval and special use permit from the Planning Board in conjunction with this re-zone request. We believe that it makes more sense to have a specific self-storage user, which may have specific design and site plan requirements, before proceeding with the Planning Board's review of the site plan and special use permit approvals. In any event, regardless of the specific future self-storage use, it must be limited to an adaptive re-use of an existing building to qualify. The Applicant has previously provided design exhibits that demonstrate a possible design with the Burlington Coat Factory building converted to self-storage. Such example demonstrates that there will be no material changes to the property's common areas, site plan, or layout. The same would hold true for any adaptive re-use of an existing building at the Mall. The Applicant has already provided numerous examples of how self-storage facilities have been incorporated very effectively into existing retail developments. The Applicant is also willing to consider a maximum cap on the amount of self-storage space permitted in the SHC zone.

The Town's Comprehensive Plan calls for the expansion of non-residential/commercial uses within the SHC zone by promoting a mix of business and commercial uses. The proposed adaptive re-use of an existing abandoned building in the shopping center does NOT hinder the potential future development of the South Hills Center with more active, dynamic and walkable uses. Moreover, the proposal also meets the Comprehensive Plans' goals of promoting infill development, utilizing existing infrastructure, preserving open spaces, and reducing greenhouse gas emissions. Plus, the addition of self-storage as an adaptive re-use at the property dovetails nicely with any future multi-family residential projects at the property. Given the current capacity issues with the Tri-Municipal Sewer District, it is still unclear when the sewer district will have the necessary capacity for the residential development of the property.

Enclosed please find the following:

- (1) A copy of the updated Rezone Petition with a proposed local law reflecting the above-mentioned request;
- (2) The updated and signed Change of Zone forms;
- (3) Sample site plans of a potential adaptive re-use of the vacant Burlington Coat Factory building;
- (4) An updated copy of the Full Environmental Assessment Form under SEQRA as well as a copy of the Planning Board's Negative Declaration, dated July 20, 2023;
- (5) A copy of the Planning Board's Advisory Comments, dated July 25, 2023; and
- (6) Samples of self-storage facilities being incorporated into existing retail developments.

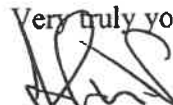

Please note a check for \$2,250, made payable to the Town of Poughkeepsie, representing the application fee is being overnighted separately to the Town. In addition, we have been advised that no further escrow submission is required since we have a balance of \$7,896.81 remaining from 2023. Kindly place this updated rezone request on the Town Board's next

TOWN BOARD OF THE TOWN OF POUGHKEEPSIE,
DUTCHESS COUNTY, NEW YORK

-----X
In the Application of

SOUTH HILLS OWNER LLC

For an Amendment to the §210-23 of the Town
of Poughkeepsie's Zoning Code, pursuant to Article XIV
of the Town's Zoning Code.

PETITION
FOR ZONING TEXT
AMENDMENT

-----X
The undersigned South Hills Owner LLC ("Petitioner"), by its attorneys, Catania, Mahon & Rider, PLLC, 641 Broadway, Newburgh New York 12550, as per this Petition, request a text amendment to the §210-23 [South Hills Center (SHC) District], respectfully alleges as follows:

INTRODUCTION

1. Petitioner is a Delaware limited liability company with a mailing address of 565 Taxter Road, Suite 400, Elmsford, NY 10523 and submits this Petition pursuant to Section 210, Article XIV of the Town of Poughkeepsie's Zoning Code.
2. The Petitioner is owner of real property (the "Property") comprised of approximately 72.69 acres, located on the west side of South Road (NYS Route 9), near its intersection with NYS Route 9D, with a tax map designation of SBL 134689-6158-01-297959. An aerial photograph of the area with the Property highlighted is annexed hereto as **Exhibit A**.
3. The Property is located within the Town's South Hills Center (SHC) Zoning District and is the only property located entirely within the SHC District. The Property is better known as the South Hills Center (also referred to as The Shoppes at South Hills or the South Hills Mall), which contains a mix of retail uses at the Property.
4. The Petitioner is seeking a zoning text amendment to the current SHC regulations in order to assist with the infill redevelopment of the South Hills Center.
5. The Petitioner seeks a minor modification to the language for current SHC regulations (the "Amendment"):
 - (a) amend §210-23.D to add subsection - **"*Self Storage as an adaptive re-use*"** as an additional permitted use in the South Hills Center (SHC) District, subject to special use permit approval by the Planning Board wherein in the term "Self-storage" shall mean, "An enclosed structure used exclusively for the temporary

indoor storage of personal materials and goods. The structure(s) shall contain multiple individual mini-warehouse units that are rented or leased to the general public. Self-storage does not include contractor's storage or warehouse. Also referred to as self-service storage, private rental storage, or mini-storage"; and

A copy of the proposed local law reflecting the proposed Amendment is attached as **Exhibit B**.

**THE PROPOSED ZONING TEXT AMENDMENT AND CONSISTENCY
WITH THE COMPREHENSIVE PLAN & ITS FURTHERANCE OF THE PURPOSES
SET FORTH IN ARTICLE I OF THE ZONING CHAPTER**

6. The Town's Comprehensive Plan was recently updated in 2021, with the Town Board's adoption of the "Town of Poughkeepsie 2030 Comprehensive Plan Update" on October 6, 2021 (the "Comp Plan"). The Comp Plan recognizes the national trend in the decreasing amount of "brick and mortar" retail stores, and correspondingly the Comp Plan focuses on the revitalization and redevelopment of these already developed commercial areas that may be currently underutilized. This not only preserves open space, but also takes advantage of the existing infrastructure (roads, sewer, water, etc.). See Page 2 of the Town's Comp Plan.

7. Indeed, the Comp Plan identifies the South Hills Center as a specific "Opportunity Area" for an infill development that focuses on a potentially underutilized site. See Page 30 and 55 of the Comp Plan. Along those lines, the Comp Plan specifically recommends to expand the number of allowable non-residential uses within the SHC Zoning District. See Recommendation 2.2.5 at Page 62 of the Town's Comp Plan.

8. The zoning Amendment's request to add "self-storage as an adaptive reuse" use within the SHC Zoning District also promotes the purposes set forth in Article I of the Town's Zoning Chapter.

9. The current SHC Zoning District's character is commercial retail; thus, adding a use like a self-storage facility (as defined above) is consistent with the existing commercial uses within the district. The proposed zoning text Amendment also reflect the recent trends in economic activity as consumers gravitate away from the traditional "brick and mortar" retail stores. Thus, a proposed self-storage facility as an adaptive reuse would be the best use of the existing site and the most appropriate use of underutilized land.

10. The zoning text Amendment would also promote infill development of an existing

shopping mall that is already developed, as opposed to allowing for the development on vacant, undeveloped, land; thus, preserving open space and minimizing impacts to the Town's water resources.

11. The zoning Amendment will also help protect the character and the social economic stability of the Town by assisting in the redevelopment of an underutilized mall. The Planning Board's site plan review and special use permit process will ensure the re-development is orderly, properly designed and appropriate given the existing setting.

12. Allowing self-storage as an adaptive re-use at the South Hills Center along Route 9 will protect existing residential areas since there are no nearby residential uses. The Town's Comprehensive Plan not only promotes a mix of commercial uses at the Property, but also a mix of residential and commercial uses. The proposed re-development of an existing building within the Mall will not hinder residential development at the property. In fact, a self-storage facility would complement any multi-family residential development at the Property.

13. The proposed zoning Amendment will also encourage development where the infrastructure already exists. The existing roads, sewer and water systems can accommodate any development resulting from the Amendment.

14. Finally, the proposed Amendment, and the associated infill redevelopment, of the South Hills Center, will foster the re-use of existing asphalt areas, the preservation of open space and result in less greenhouse gas emissions than a traditional development on vacant land.

15. In short, the proposed zoning text Amendment will be consistent with the Town's Comp Plan and the purposes behind the Town's Zoning Chapter.

CONCLUSION

16. The proposed zoning text Amendment should constitute is a Type I Action under the State Environmental Quality Review Act ("SEQRA") for which the Planning Board, as Lead Agency, has previously issued a Negative Declaration.

17. The Petitioner respectfully requests that the Town Board, pursuant to Article XIV of the Zoning Code:

- (a) Accept this updated Petition and immediately re-refer this matter to the Town's Planning Board for a report and recommendation;

- (b) Re-refer the updated Petition and associated materials to the Dutchess County Department of Planning;
- (c) Schedule, notice and conduct a public hearing on the Amended Petition at the earliest date; and
- (d) Adopt the minor zoning text Amendment annexed hereto as Exhibit B.

WHEREFORE, it is respectfully requested the instant matter be placed on the earliest possible agenda of the Town Board to begin the process and that the relief sought herein be eventually granted.

Proposed Local Law
EXHIBIT B

LOCAL LAW NO. ___ OF 2025

**A LOCAL LAW AMENDING § 210-23 [SOUTH HILLS CENTER (SHC) DISTRICT]
OF THE TOWN OF POUGHKEEPSIE ZONING CODE**

A LOCAL LAW amending the text of § 210-23 of the Zoning Code of the Town of Poughkeepsie as set forth herein, to add self-storage as a permitted adaptive reuse.

BE IT ENACTED:

Section 1. Title.

This local law shall be known as “Amendments to § 210-23 [South Hills Center (SHC) District].”

Section 2. Authority.

This Local Law is enacted pursuant to the authority of Municipal Home Rule Law § 10, New York State Town Law, and in accordance with Chapter 210, Article XIV, entitled “Amendments,” of the Zoning Code of the Town of Poughkeepsie.

Section 3. Purpose and Findings.

The Town Board of the Town of Poughkeepsie has received an updated petition from South Hills Owner LLC for a zoning text amendment to § 210-23 of the Town Code, seeking to have the Town Board amend the Zoning Code for this Zoning District to allow for self-storage facilities as an adaptive reuse within the SHC District.

This SHC Zoning District basically consists of only one use: the South Hills Center (a/k/a The Shoppes at South Hills or the South Hills Mall). The petitioner asserts, and the Town Board agrees, that the proposed zoning text amendments will allow greater flexibility for the reuse of existing, currently vacant buildings within the shopping center. The Town’s Comprehensive Plan, adopted by the Town Board on October 6, 2021, identifies the location of The Shoppes at South Hills as an “opportunity area.” The Town Board is mindful that interim changes to the zoning provisions of this District should not impair the opportunities presented by this site, including its potential use for a mix of residential uses and supporting commercial uses. Accordingly, the proposed text amendment is limited to the adaptive reuse of existing structures and would not permit the construction of new buildings for self-storage facilities on the site.

The Town Board finds that this amendment also would foster development of this site consistent with the objectives of the Comprehensive Plan and in furtherance of the purposes set forth in Article I of the Town’s Zoning Code because it promotes infill redevelopment of an existing “opportunity area.”

Section 4. Amendments.

1. Section 210-23(C) of the Town of Poughkeepsie Zoning Code is hereby amended by adding a new subsection (10), and renumbering the current subsection (10) as (11), as follows:

(10) *Self storage, as an adaptive reuse.¹

(11) *Service businesses, with drive-in or drive-through.

Section 5. Repeal, Amendment, and Supersession of Other Laws.

All other Resolutions, Ordinances or Local Laws of the Town of Poughkeepsie which conflict with the provisions of this Local Law are hereby superseded or repealed to the extent necessary to give this Local Law force and effect.

Section 6. Severability.

If any word, phrase, sentence, part, section, subsection, or other portion of this Law or any application thereof to any person or circumstance is declared void, unconstitutional, or invalid for any reason, then such word, phrase, sentence, part, section, subsection or other portion, or the proscribed application thereof, shall be severable, and the remaining provisions of this Law, and all applications thereof, not having been declared void, unconstitutional or invalid, shall remain in full force and effect.

Section 7. Effective Date.

This Law shall become effective upon filing with the New York State Secretary of State.

¹ In this District, "self storage" shall mean "An enclosed structure used exclusively for the temporary indoor storage of personal materials and goods. The structure(s) shall contain multiple individual mini-warehouse units that are rented or leased to the general public. Self storage does not include contractor's storage or warehousing. Also referred to as self-service storage, private rental storage, or mini-storage."

Description of Action

The action includes repurposing a building, turning the existing structure into a self-storage facility. Proposed site improvements are limited to accessible parking and building access, a crosswalk, and signage. The action also includes a zoning text amendment for the South Hills Center (SHC) zoning district to permit a self-storage use as an adaptive reuse. Required Permits and Approvals

- Town Board: zoning district text amendment for the South Hills Center (SHC) Zoning District
- Town Planning Board: SEQRA review as Lead Agency, special use permit review, site plan review, and architectural review

Documents, Studies, Materials and Comments Reviewed and Considered by the Lead Agency

A Site Plan application was submitted to the Town Planning Department for review, along with Part I of a Full Environmental Assessment Form for SEQR review. A complete list of materials reviewed may be found at the end of this document.

Reasons Supporting This Determination:

1. Land

The total acreage involved in the proposed action is ± 72.62 acres (due to the proposed text amendment) with ± 0.01 acres being physically disturbed. Due to the fact that the proposed action will physically disturb less than one (1) acre of land, it is not subject to receipt of a State Pollutant Discharge Elimination System (SPDES) General Permit and therefore requiring no preparation of a project specific Stormwater Pollution Prevent Plan (SWPPP). The proposed action is subject to the applicable erosion and sediment controls and measures. These required controls and measures are anticipated to mitigate the limited proposed land disturbance. Prior to the commencement of any site work, the applicant's contractor and consulting engineer are required to meet with the Town's Planning Department, the Town's Building Department, and the Town Engineer. Upon meeting, erosion control measures will be discussed. There are no moderate to large-scale stormwater impacts anticipated as a result of this proposed action. No significant adverse environmental impacts are anticipated.

2. Geologic Features

There are no unique or unusual land forms within the project site (e.g., cliffs, dunes, minerals, fossils, caves). Therefore, no significant adverse environmental impacts are anticipated.

3. Surface Water

The proposed action is not anticipated to affect one or more wetlands or other surface water bodies (streams, rivers, ponds, lakes) and therefore, no adverse environmental impacts are anticipated.

4. Groundwater

The proposed action is not anticipated to result in new or additional use of groundwater, or have the potential to introduce contaminants to ground water or an aquifer. Therefore, no significant adverse environmental impacts are anticipated.

5. Flooding

The proposed action site is not located within the 100-year or 500-year floodplain. Therefore, no significant adverse environmental impacts are anticipated.

6. Air

The proposed action will not require a state regulated air emission source. Therefore, no significant adverse environmental impacts associated to air are anticipated.

7. Plants and Animals

According to the United States Fish and Wildlife Services (USFWS) IPaC system, accessed on July 7, 2023, there are two (2) species listed as endangered in this region of New York State and they are the Indiana Bat (endangered) and the Northern Long-eared bat (endangered). Per USFWS, there are no critical habitats found on the proposed action site. The IPaC mapper also identified 16 migratory Birds of Conservation Concern (BCC). The 16 bird species are the Belted Kingfisher, Black-billed Cuckoo, Blue-winged Warbler, Bobolink, Canada Warbler, Cerulean Warbler, Chimney Swift, Eastern Meadowlark,

Evening Grosbeak, Lesser Yellowlegs, Pectoral Sandpiper, Prairie Warbler, Red-headed Woodpecker, Rose-breasted Grosbeak, and Wood Thrush. In addition, the Bald Eagle is listed, but is not a BCC in this area. There is no tree clearing proposed as a result of this proposed action, and therefore, no significant adverse environmental impacts are anticipated.

8. Agricultural Resources

The proposed action is not located in or adjacent to an Agricultural District. Therefore, no adverse environmental impacts are anticipated.

9. Aesthetic Resources

The proposed land use is not obviously different from, or in sharp contrast to, current land use patterns between the proposed project and a scenic or aesthetic resource. Therefore, no significant adverse environmental impacts are anticipated.

10. Historic and Agricultural Resources

The proposed action is not anticipated to occur in or adjacent to a historic or archeological resource. No adverse environmental impacts are anticipated.

11. Open Space and Recreation

There is no anticipated loss of recreational opportunities or a reduction of an open space resource as designated in any Town-adopted open space plan. No adverse environmental impacts are anticipated.

12. Critical Environmental Areas

The proposed action is not located in or adjacent to a Critical Environmental Area (CEA). Therefore, no significant adverse environmental impacts are anticipated.

13. Transportation

There are no anticipated moderate- to large-scale impacts as a result of the proposed action. Therefore, no significant adverse environmental impacts are anticipated.

14. Energy

The proposed action will utilize the local energy grid, electric and gas. The energy demand will increase locally for commercial uses only. Therefore, no significant adverse environmental impacts are anticipated.

15. Noise, Odor, and Light

The proposed action will not result in a permanent increase in noise. Construction related noise must adhere to Town Code requirements. The proposed action will not result in outdoor odors. Any lighting proposed as a result of the proposed action will be subject to the Town Code lighting regulations. Therefore, no significant adverse environmental impacts are anticipated.

16. Human Health

The proposed action will not result in the potential for exposure to contamination. Therefore, no significant adverse environmental impacts are anticipated.

17. Consistency with Community Plans

The following language has been found to be consistent with the Town's adopted land use plan. Final proposed language is subject to final review by the Town Board.

1. Amend §210-23(C) to add **Self-storage as an adaptive re-use*, subject to special use permit approval by the Planning Board
 - a. Wherein in the term *self-storage* shall mean, "An enclosed structure used exclusively for the temporary indoor storage of personal materials and goods. The structure(s) shall

contain multiple individual mini-warehouse units that are rented or leased to the general public. Self-storage does not include contractor’s storage or warehouse. Also referred to as self-service storage, private rental storage, or mini-storage.”

The Town’s adopted land use plan, the *2030 Comprehensive Plan Update*, identifies this district as an “Opportunity Area,” “focusing [infill] development where abandoned and underutilized sites exist.” (Plan, p. 30.) The Plan notes that the “shifting economy means that there is less demand for large commercial buildings and a greater likelihood that existing commercial buildings will be underutilized or sit vacant. These infill areas are referred to as opportunity areas in the Plan Update.” (*Id.*) Because the proposed text amendment is limited in scope to the adaptive reuse of existing buildings, and because the particular building has been vacant for a number of years, the Board finds that the proposal will not impede the future development of the site and is consistent with the Plan.

Therefore, no significant adverse environmental impacts are anticipated.

18. Consistency with Community Character

The proposed action does not alter, and therefore is not inconsistent with, the existing community character. No significant adverse environmental impacts are anticipated.

Other Potential Impacts

In addition to the discussion of impacts in the sections above, the Lead Agency has also considered, and hereby issues a determination, concerning the following:

1. The proposed action would not result in a substantial adverse change in existing air quality, ground water quality or quantity, or noise levels; a substantial increase in solid waste production; a substantial increase in potential for flooding, or leaching problems.
2. The proposed action would not result in the impairment or the environmental characteristics of a Critical Environmental Area.
3. The proposed action would not create a material conflict with the community’s current plans or goals as officially approved or adopted.
4. The proposed activity would not impair the character or quality of important aesthetic resources.
5. The proposed action would not result in a major change in the use of either the quantity or type of energy.
6. The proposed action would not create a hazard to human health.
7. The proposed activity would not result in a substantial change in the use, or intensity of use, of land devoted to agricultural, open space, or recreational use.
8. The proposed action would not result in the creation of material demand for other actions that would result in one of the above consequences.
9. The proposed action would not result in changes in two or more elements of the environment, no one of which has a significant impact on the environment, but when considered together result in a substantial adverse impact on the environment.
10. When analyzed with two or more related actions, the proposed action would not have a significant impact on the environment and when considered cumulatively, would not meet one or more of the criteria under 6 NYCRR 617.7.

Part 2 - Identification of Potential Project Impacts

Agency Use Only [If applicable]
 Project :
 Date :

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency **and** the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

Tips for completing Part 2:

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer "Yes" to a numbered question, please complete all the questions that follow in that section.
- If you answer "No" to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box "Moderate to large impact may occur."
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the "whole action".
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

Full Environmental Assessment Form
Part 3 - Evaluation of the Magnitude and Importance of Project Impacts
and
Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

The Town of Poughkeepsie Planning Board, as Lead Agency, has prepared a Negative Declaration for a Type I Action dated January 15, 2026.

Determination of Significance - Type 1 and Unlisted Actions

Identify portions of EAF completed for this Project: Part 1

Part 2

Part 3

Upon review of the information recorded on this EAF, as noted, plus this additional support information

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the
Town of Poughkeepsie Planning Board _____ as lead agency that:

A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.

SALT POINT CENTER VALET PARKING AGREEMENT

THIS VALET PARKING AGREEMENT (“Agreement”) is made as of this ____ day of _____, 20 __, by and between 53 Salt Point LLC (“Owner” and/or “Applicant”) having an office at 35 West Street, Spring Valley, New York 10977; and the Town of Poughkeepsie, a municipal corporation of the State of New York having an office at Town Hall, One Overocker Road, Poughkeepsie, New York 12603 (the “Town,” and together with the Owner/ Applicant, the “Parties”).

WITNESSETH:

WHEREAS, Owner is the fee owner of certain premises located in the Town of Poughkeepsie, County of Dutchess and State of New York, having an address of 53 Salt Point Turnpike, Poughkeepsie, NY 12603 and bearing tax grid number 134689-6162-02-750540-0000, as more particularly legally described in **Schedule A** attached hereto and made a part hereof (the “Premises”); and

WHEREAS, site plan, special use permit and aquatic resource conditional final approvals (hereinafter collectively the “Approvals”) have been granted by the Town of Poughkeepsie Planning Board (the “Town Planning Board”) by resolution dated December 19, 2024, for the set of site plans entitled “Salt Point Town Center,” prepared by LRC Engineering & Surveying, DPC, dated July 25, 2024, and last revised on January 15, 2025, consisting of 31 sheets, which sheets are listed in **Schedule B** attached hereto and made a part hereof, and any subsequent plans as may hereinafter be approved or required by the Town Planning Board or the Planning Department (the “Site Plan”), that would allow site redevelopment for the construction of three mixed-use commercial/residential buildings having 89 residential units and 21,827 square feet of commercial use, and associated parking, landscaping, walkways, utilities and stormwater treatment, and offsite improvements; and

WHEREAS, pursuant to Town Code requirements, for the proposed uses, 183 parking spaces are required; 169 spaces are provided, leaving a deficit of 14 spaces; the Planning Board has determined that the implementation of valet parking as provided in the Site Plan and as set forth herein satisfies the parking requirements for the proposed uses; and

WHEREAS, the Approvals are conditioned upon, among other things, the execution of this Valet Parking Agreement which permits the conversion of 20 traditional parking spaces into up to 34 valet parking spaces, to address the deficit in parking that may be experienced during peak periods, by establishing a “Valet Parking Plan” and setting forth the circumstances under which it may be implemented,

NOW THEREFORE, for valuable consideration received, including the granting of the Approvals, Applicant, Owner and the Town hereby agree as follows:

1. Definitions.

- a. Valet Parking Plan: The plan prepared by the Applicant describing valet parking operations at the Premises, as discussed with the Town Planning Board and as

graphically shown on **Exhibit C** hereto, permitting the conversion of 20 traditional parking spaces into up to 34 valet parking spaces.

- b. **Director:** The Director of Municipal Development of the Town, or their designee.
- c. **Applicant:** 53 Salt Point LLC, and/or its successor(s) in interest. Any successor operator of the current use(s) at the Premises shall assume the obligations herein for so long as the Site Plan remains in effect.
- d. **Owner:** 53 Salt Point LLC, its successors and assigns, and agents, and any future owners of any portion of the Premises.
- e. **Parties:** The Owner/Applicant and the Town, and their respective successors and assigns.
- f. **Peak Times:** Time periods of elevated parking demand as determined in the Director's discretion based on observed or anticipated conditions, including but not limited to holidays, special events, and periods of high customer volume.

2. Applicability and Term.

- a. This Agreement shall remain in effect for so long as the buildings and uses for which the Approvals were obtained are ongoing. *See also Section ____ below.*
- b. The obligations herein run with the Approvals for the current use(s) and shall bind the Applicant and any successors or assigns operating the current use(s) at the Premises.

3. Valet Parking Implementation Authority and Requirements.

- a. **Town Direction.** The Director may require the Applicant to implement the Valet Parking Plan during Peak Times, at the Director's discretion.
- b. **Indicator Threshold.** The Parties acknowledge that consistently having nine (9) or fewer vacant parking spaces on the Premises may be an indication that implementation of the Valet Parking Plan is warranted.
- c. **Discretion Preserved.** The Indicator Threshold is not an absolute trigger and does not limit the Director's discretion hereunder or the Applicant's option to implement valet service at any time. The Director may consider additional factors, including safety, traffic circulation, queuing, and operational conditions.
- d. **Applicant Option.** The Applicant retains the option to implement valet parking at any time it deems necessary, whether or not directed by the Director. No notice of the same is required to be given to the Town.
- e. **Staffing.** The Town specifically leaves to the Applicant the determination of adequate staffing levels and supervision of employees for the valet parking, and customer wayfinding and signage.
- f. **Traffic and Safety.** Valet operations shall be managed so as not to obstruct public rights-of-way, fire lanes, or designated emergency access, and shall comply with applicable laws and regulations.

4. Notice and Activation of the Valet Parking Plan.

- a. **Town-Directed Activation.** When the Director determines that implementation of the Valet Parking Plan is warranted, the Director shall provide notice to the Applicant by email to jacobwagschall@gmail.com, or such other email as may be requested by the Applicant.

- b. The Director shall provide at least two weeks' notice of any required implementation of the Valet Parking Plan; such time may be extended upon request by the Applicant and approval by the Director.
- c. The Director may provide notice of a series of required implementations of the Valet Parking Plan, *e.g.*, "during the summer on Fridays between 6:30 and 9:30 p.m."
- d. When feasible, the Director shall specify in advance known time periods when the Valet Parking Plan is to be implemented.
- e. Provided that the required notice is given, the Applicant shall activate the Valet Parking Plan in advance of such time and operate it for the period specified by the Director, subject to reasonable operational needs and safety considerations.
- f. Implementation of any specific instance, or series of required implementations, of the Valet Parking Plan may be ended by the Director upon review of evidence that the parking demand has dropped below the trigger level established in Section 3 for such period.

5. Modifications to the Plan; Termination.

- a. Town Planning Board Review. In conjunction with any change of use approved by the Town, or upon other changed circumstances, Applicant and/or Owner may apply to the Town Planning Board for repeal or modification of this Agreement.
- b. Any modification of this Agreement or the Valet Parking Plan requires the review and approval of the Town Planning Board; no modification shall be effective unless and until approved by the Town Planning Board.
- c. Interim Adjustments. Non-substantive operational adjustments necessary for immediate safety or traffic control may be implemented on an interim basis by the Applicant, provided that, where possible, the Applicant notifies the Director within 24 hours of the proposed adjustment. Any repeated adjustments that rise to the level of a modification, in the sole discretion of the Director, shall be submitted to the Town Planning Board for review.
- d. If the Director or the Town Planning Board decides that the parking facilities on the Premises are sufficient to handle the parking demand at all times, and any anticipated future demand, then this Agreement may be terminated, in whole or in part, and be of no further force and effect, and the parties shall execute an instrument confirming such partial or full termination.
- e. The Parties acknowledge that any termination of this Agreement would not relieve the Applicant of its obligation to ensure there is sufficient on-site parking to accommodate existing uses.

6. Coordination with Site Plan and Laws.

- a. Consistency. The Plan and all valet operations shall be consistent with the Site Plan, any conditions of approval, and all applicable federal, state, and local laws and regulations.
- b. Conflicts. If a conflict arises between the Site Plan conditions and this Agreement, the more specific requirement applicable to valet operations shall control, unless otherwise determined by the Town Planning Board.

7. **Indemnification.** To the fullest extent permitted by law, the Applicant shall indemnify, defend, and hold harmless the Town and its officers, employees, and agents from and against claims arising out of or related to the Applicant's valet operations, except to the extent caused by the Town's sole negligence or willful misconduct.

8. **Covenants.**

- a. Owner hereby covenants that it is seized of the Premises in fee simple and grants to the Applicant the authority to execute this Agreement; that it shall do nothing which would prevent, impede or disturb the full use and intended purpose of this Agreement; and shall execute and deliver any further documents reasonably necessary to assure the benefits of this Agreement to the Town.
- b. Applicant hereby covenants that the signatory below has been authorized to execute this document and by signing intends to bind the Applicant; that it shall do nothing which would prevent, impede or disturb the full use and intended purpose of this Agreement; and shall execute and deliver any further documents reasonably necessary to assure the benefits of this Agreement to the Town.

9. **Miscellaneous.**

- a. No Waiver. Failure of either party to enforce any provision shall not constitute a waiver.
- b. Severability. If any provision is held invalid, the remainder shall remain in effect.
- c. Governing Law. This Agreement shall be governed by the laws of the State of New York.
- d. Entire Agreement. This Agreement constitutes the entire understanding of the parties regarding valet parking operations for the Premises.
- e. Headings. As used herein, paragraph headings are for convenience only and do not define or limit the scope or intent of the Agreement or any portion thereof.

10. **Recording.** This Agreement shall be recorded by the Applicant in the office of the County Clerk, County of Dutchess.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the date first herein above set forth.

FOR MUNICIPAL SEWER PURPOSES**

THIS EASEMENT is made this ____ day of _____, 20__, by and between 53 Salt Point LLC (the “Owner,” “Grantor” and “Applicant”), having an office at 35 West Street, Spring Valley, New York 10977, and the Town of Poughkeepsie, a municipal corporation having an office at Town Hall, One Overocker Road, Poughkeepsie, New York 12603 (“Town” or “Grantee”).

WITNESSETH:

WHEREAS, Grantor is the owner of a certain parcel of real property located in the Town of Poughkeepsie, County of Dutchess and State of New York, having an address of 53 Salt Point Turnpike, Poughkeepsie, NY 12603 and bearing tax grid number 134689-6162-02-750540-0000, as more particularly legally described in **Schedule A**, attached hereto and made a part hereof (the “Premises”); and

WHEREAS, site plan, special use permit and aquatic resource conditional final approvals have been granted by the Town of Poughkeepsie Planning Board by resolution dated by resolution dated December 19, 2024, for the set of site plans entitled “Salt Point Town Center,” prepared by LRC Engineering & Surveying, DPC, dated July 25, 2024, and last revised on January 15, 2025, consisting of 31 sheets, which sheets are listed in **Schedule B** attached hereto and made a part hereof, and any subsequent plans as may hereinafter be approved or required by the Planning Board or the Planning Department (hereinafter “Site Plan”), that would allow site redevelopment for construction of three mixed-use commercial/residential buildings (one to be 3 stories and two to be 4 stories in height), with 89 residential units and 21,827 square feet of commercial use, and associated parking, landscaping, walkways, utilities and stormwater treatment, and offsite improvements including a highway roundabout at the Salt Point Turnpike/Innis Avenue/site access intersection.

NOW THEREFORE, for valuable consideration received, including the granting of the approvals referenced above, Grantor hereby grants and releases unto the Grantee a Permanent Easement and Right-of-Way for the following uses and purposes upon the following terms and conditions:

1. **GRANT OF PERMANENT EASEMENT AND RIGHT-OF-WAY.** The Grantor grants unto the Grantee a Permanent Easement and Right-of-Way in, on, under and through that portion of the Grantor’s parcel hereinafter described and called the Permanent Easement Area, being an area 20 feet on either side of components of the System, as defined herein, for the purposes of constructing, operating, maintaining, repairing, reconstructing, replacing and inspecting, pipes, conduits and related appurtenances for the transportation and disposal of sewage (the “System”) through the Permanent Easement Area. The Permanent Easement Area herein is more particularly described by metes and bounds as set forth on **Schedule C** attached hereto and made a part hereof, and as shown on Sheet UT-2 of the Site Plan set.

2. ACCESS. This Grant of a Permanent Easement shall include, but is not limited to, the following appurtenant rights necessary to effectuate the construction and maintenance of the aforementioned sewer, pipes, lines, ditches and appurtenances:

(a) the right of ingress and egress by person(s), motor vehicle and construction equipment necessary to lay and construct the sewer, pipes, lines and appurtenances in, on, under and through the Permanent Easement Area and to maintain, repair, reconstruct, replace and inspect the same as Grantee may deem necessary or desirable; and

(b) the right to clear, excavate, fill, grade, or cultivate the Permanent Easement Area and/or otherwise improve the same for the purposes herein set forth.

3. PROHIBITION OF STRUCTURES. Except for improvements shown on the approved Site Plan, and any amendments thereto that may be approved by the Town, Grantor is hereby prohibited from constructing and/or maintaining any type of permanent structure including underground pipes and conduits in, on, under or over the Permanent Easement Area without the prior written permission of Grantee. Certain retaining walls are shown within the Permanent Easement Area. These structures are expressly permitted; however, if the Town needs to remove all or any portion of the retaining walls within the Permanent Easement Area for the purposes set forth herein, Grantor shall be required to reconstruct the same, at Grantor's sole cost and expense, within a reasonable time, and to take any such measures as may be deemed by the Town to be required, to stabilize the area until such reconstruction is completed. Except as provided in the prior three sentences, the right to use the Permanent Easement Area for any purpose not interfering or inconsistent, in the opinion of the Grantee, with this Easement Grant is expressly reserved by Grantor. Furthermore, Grantor will not impound water nor do or cause to be done, directly or indirectly, any damage to, interference with, or create any potential hazard to the System and will not remove soil from the Permanent Easement so as to leave the System nearer to the surface of the land than when laid, nor in any way interfere with or disturb the grade of the soil as completed by Grantee. It is further understood and agreed that the System shall at all times be and remain the property of Grantee and under its unconditional control and supervision.

4. CONNECTION. Grantee acknowledges that Grantor shall have the right to connect to the sewage collector line within the Permanent Easement Area, subject to the prior review and approval of the design of said connection lines and appurtenances thereto by the Town and the Dutchess County Department of Community and Behavioral Health.

5. PRIOR EASEMENT(S). By this document, Grantor intends to convey, and Grantee intends to accept, the rights and obligations set forth herein. The parties acknowledge that prior easements over some portion of the Premises may exist. Should such prior easement(s) exist, the easement created by this document is intended to supplement, and expand upon, the prior easement. The parties expressly agree that no rights granted in or by any prior easement are extinguished or otherwise limited by this document.

SIDEWALK MAINTENANCE AGREEMENT

This Agreement is made on the ____ day of _____, 2026, between the Town of Poughkeepsie, a municipal corporation of the State of New York, having its principal offices at One Overocker Road, Poughkeepsie, New York (hereinafter the “Town”) and 53 Salt Point LLC, having an office at its principal place of business at 35 West Street, Spring Valley, New York 10977 (hereinafter “Owner”).

RECITALS

WHEREAS, Owner is the current fee owner of certain premises located in the Town of Poughkeepsie, County of Dutchess and State of New York, having an address of 53 Salt Point Turnpike, Poughkeepsie, NY 12603 and bearing tax grid number 134689-6162-02-750540-0000, and as more particularly legally described in **Schedule A**, attached hereto and made a part hereof (the “Premises”); and

WHEREAS, site plan, special use permit and aquatic resource conditional final approvals (hereinafter collectively the “Approvals”) have been granted to the Applicant by the Town of Poughkeepsie Planning Board by resolution dated December 19, 2024, for the set of site plans entitled “Salt Point Town Center,” prepared by LRC Engineering & Surveying, DPC, dated July 25, 2024, and last revised on January 15, 2025, consisting of 31 sheets, which sheets are listed in **Schedule B** hereto, as the same may hereafter be amended with Town approval (hereinafter the “Site Plan”), that would allow site redevelopment for the construction of three mixed-use commercial/residential buildings (one to be 3 stories and two to be 4 stories in height), with 89 residential units and 21,827 square feet of commercial use, and associated parking, landscaping, walkways, utilities and stormwater treatment, and offsite improvements including a highway roundabout at the Salt Point Turnpike/Innis Avenue/site access intersection (the construction of which in accordance with the aforementioned plans shall hereinafter be referred to as the “Project”); and

WHEREAS, the Approvals include provisions for the construction and maintenance of certain sidewalks, on or adjacent to the Premises, in accordance with the Site Plan and located as shown on **Schedule C** hereto, being Sheet SP-1 of the Site Plan (the “Sidewalks”); and

WHEREAS, the construction of the sidewalks will be subject to a Highway Work Permit by the New York State Department of Transportation (“NYSDOT”);

WHEREAS, the Sidewalks are an improvement for which the Town would, in the absence of this Agreement, have a maintenance responsibility, given the placement of the Sidewalks within an area designated for highway improvements; and

WHEREAS, the Town and the Owner desire to enter into this Agreement to provide for the construction, long-term maintenance and continuation of the Sidewalks approved by the Planning Board for the Premises.

NOW THEREFORE, to be in compliance with the terms of the Planning Board approval and the requirements of the Town, in consideration of the mutual covenants and agreements of the parties hereto, to be by them respectively kept and performed as hereinafter set forth, the Owner and the Town hereby agree as follows:

1. As used in the following paragraphs, the term "Owner" shall include the Owner and its agents, tenants, lessees, successors and assigns, and the provisions hereof are intended to be binding upon them.

2. Provided that the Project as depicted on the approved Site Plan is constructed, the Owner, at no cost or expense to the Town, shall be responsible for the cost of construction and maintenance of the Sidewalks in accordance with all applicable requirements.

3. The Sidewalks shall not be altered, abandoned, modified or discontinued without the prior written approval of the Town of Poughkeepsie Planning Board.

4. The Owner will be responsible for the maintenance of the Sidewalks by, among other things, keeping the same free of debris and weeds, removing snow as necessary in conformity with the Town Code provisions providing for the removal of snow from sidewalks, periodically sweeping, and repairing and replacing individual sidewalk sections as necessary, or as deemed necessary by the Town.

5. In the event that the Owner fails to undertake the maintenance of the Sidewalks, or fails to assume the costs as herein defined, after thirty (30) days' written notice (unless an emergency condition requires immediate maintenance), the Town shall have the absolute right, but not the obligation, to make all necessary maintenance or repairs. The actual and reasonable cost of such undertaking shall be billed to the Owner which shall pay the same within twenty (20) days of the mailing of the demand for payment by the Town.

6. This Agreement shall not confer upon the Town any duty or obligation to fix, maintain, repair or clear the Sidewalks.

7. Notices to the Owner by the Town shall be sent by First Class U.S. Mail to Owner at the address set forth above. The Owner shall have an affirmative obligation to advise the Town of any changes to the same. Failure of the Owner to notify the Town of any change in address shall not serve to obviate any payment or other obligations under this Agreement.

8. In the event that legal proceedings are instituted to recover any costs to be paid by the Owner under this Agreement, if the Town prevails in such proceedings, it shall also be entitled to recover its reasonable legal fees and costs associated with the same. Settlement after the institution of legal proceedings shall be deemed to be prevailment by the Town.

9. In the alternative to instituting legal proceedings to collect any fees or costs owed, the Town, after written notice to the Owner of any amounts due to the Town under this Agreement, and in the absence of either the payment of such sum or any objection to such payment, may include in its next real property tax levy the amount due to it, together with any

statutory costs. If the Owner objects to the amount due, no levy shall be made until it has been accorded a hearing before a hearing officer appointed by the Town to hear and determine such amount due. If such amount as so determined is not paid before the next annual real property tax levy, it may be added to that next tax levy. Any objections by the Owner shall be timely made in writing to the Town, addressed to the Town Clerk, and sent by certified mail, return receipt requested, to the address set forth above.

10. The obligations of the Owner as outlined in this Agreement shall commence on the date of completion of the Sidewalks described herein and shall continue indefinitely. The obligations hereunder shall cease if (a) such improvements are removed with the consent of the Town; or (b) an approved, revised site plan expressly modifies or removes the obligation for a sidewalk.

11. This Agreement shall not create any affirmative obligation on the part of the Owner other than as outlined herein or otherwise imposed by law. The Owner's sole responsibility shall be to undertake maintenance or to assume costs in accordance with the standards outlined in this Agreement, and it shall have no further responsibility under this Agreement.

12. This Agreement is solely for the benefit of the Town, a municipal corporation of the State of New York. No third persons shall have any rights under the provisions of this Agreement.

13. The Owner shall defend, indemnify and hold harmless the Town, its officers, employees, agents and contractors from any and all loss, cost, suits and claims by third parties for negligence arising from the acts or omissions of the Owners and/or its officers, employees, agents, and contractors in the performance of this Agreement, including reasonable attorneys' fees and disbursements.

14. Throughout the term of this Agreement, the Owner shall cause to be maintained general public liability insurance, with the Town as an additional insured, in the minimum amount of \$2,000,000.00 per occurrence, \$3,000,000.00 aggregate. Such policies shall name the Town and its officers, employees, agents and contractors as additional insureds, on a primary and non-contributory basis including for products and completed operations, shall have a waiver of subrogation in favor of the Town, and shall also provide that such coverages shall not be cancelled or modified without prior written notice of at least thirty (30) days by the carrier to the Town. At each 5-year interval, the coverage should be increased by a factor at least equal to the five (5) year U.S. Labor Department's CPI-u cost of living index increase.

15. No assignment of this Agreement shall be permitted without the express written consent of the Town.

16. This Agreement shall be recorded, shall be deemed a covenant running with the lands affected hereby, and shall inure to the benefit of and be binding upon the Owner, all subsequent owners, the Lessee, all subsequent lessees, and each of their successors. The Owner

shall execute and deliver such other documents, if any, as may be reasonably necessary to allow this Agreement to be recorded in the Office of the Dutchess County Clerk.

17. This Agreement shall be governed by and construed in accordance with the law of the State of New York. The parties hereto consent to the jurisdiction of the Courts of the State of New York in any dispute involving any rights or obligations hereunder.

18. This Agreement may be executed in counterparts, each of which shall be deemed to be an original and which, taken together, shall be deemed one and the same document.

19. The provisions of this Agreement are severable. The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement, which shall remain in full force and effect.

20. The individuals signing below represent and warrant that they have the authority to bind the party on whose behalf they are signing to the terms of this Agreement.

21. This Agreement may not be amended or modified except by a written instrument signed by all of the parties hereto, or their successors.

IN WITNESS WHEREOF, the parties have hereunto set their hands and seals the day and year above written.

On behalf of the Town, we look forward to moving this vital project forward with additional State assistance requests, to begin implementation of recommendations made within the BOA Plan. Thank you for your consideration.

Sincerely,

Rebecca Edwards

TOWN OF POUGHKEEPSIE COMPTROLLER
PROCEDURE FOR DISBURSEMENT OF PROPERTY TAX PROCEEDS TO FIRE
DISTRICTS

Introduction and authorization

In January through April of each year, the Town Receiver of Taxes receives tax payments from owners of real property. The Receiver of Taxes turns over proceeds to the Comptroller, who is responsible for retaining these monies and disbursing them to the Town's districts, according to the approved budget for these districts. There are presently five districts in all, including three fire districts, one library district and one business improvement district. This does not include water, sewer, or lighting districts, which are under the town's direct management, or school districts for which taxes are separately collected. This policy will specify the procedure for the Comptroller's retention and disbursement of funds to the fire districts. It is adopted pursuant to Town Law §§ 37 and 181.

Recording of proceeds

Upon receipt of tax proceeds from the Receiver of Taxes, the Comptroller shall record them in the Town's records. Within 24 hours after such receipt the Comptroller shall deposit such funds in an insured account and shall notify the Supervisor of the same.

Upon recording tax proceeds, the Comptroller shall allocate the revenue received to the appropriate fund and district accounts based on the tax bills from which the payments were received. The Comptroller shall maintain records documenting the allocation of each payment to its corresponding district or fund account.

Disbursement of proceeds

Section 37 of the Town Law requires that tax proceeds be remitted to districts "immediately." In order to comply with this requirement while allowing for the necessary administrative steps of receiving, recording, and properly allocating tax revenue to district accounts, the Town has established the following disbursement schedule:

On February 15 of each year, the Comptroller shall disburse to each fire district the amount of property tax revenue owed to that district based on the amount that the Receiver of Taxes has turned over to the Comptroller through February 1.

On March 15 of each year, the Comptroller shall disburse to each fire district the amount of property tax revenue owed to that district based on the amount that the Receiver of Taxes has turned over to the Comptroller from February 2 through March 1.

Within two (2) weeks of the Receiver of Taxes' receipt of funds from Dutchess County to compensate the Town for delinquent property taxes, the Comptroller shall disburse to each fire district the amount owed to that district based on the funds received from the County. If the Comptroller has received any property tax revenue in the month of March from the Receiver of Taxes, the Comptroller shall disburse to each fire district the amount that the Receiver of Taxes has turned over to the Comptroller from March 2 through March 31 on that same day.

Within thirty (30) days of receipt of all Payments In Lieu of Taxes ("PILOT"), the Comptroller shall disperse to each fire district the exact amount of PILOT revenue received and owed to that district.

Notes:

- In the event of extraordinary circumstances, including system outages or unforeseen staffing shortages, disbursements shall be made as soon as practicable following resolution of such circumstances.
- If any scheduled disbursement date falls on a weekend or legal holiday, the disbursement shall be made on the next business day.
